Elegance in Skin Rejuvenation

rejuvi

Rejuvi Laboratory was established in 1988 by Dr. Wade Cheng, a reputable biochemist having an extensive multi-disciplinary background in chemistry, pharmacology, herbalogy and chemical engineering. Working closely with Dr. Arthur Furst, a renowned toxicologist & former professor at Stanford University and collaborating with a leading Scandinavian skincare expert Marie Evertson, the team developed the various professional skin treatments and the extensive product line. Rejuvi provides a unique synergistic approach in anti-aging technology and produces the most advanced skin rejuvenation products available today. Currently Rejuvi has been successfully used in salons and spas throughout the world. **Rejuvi Laboratory** is an integrated cosmetic laboratory with ongoing research, development and production capabilities. Rejuvi's philosophy is synergism, Rejuvi's focus is rejuvenation and Rejuvi's criterion is performance.

Cleansing

Daily cleansing is important to help maintain a healthy, blemish-free complexion. Our skin is constantly being exposed to impurities from pollution, dirt, make-up and our own oils and perspiration. These substances lead to clogging of the pores causing blackheads and pimples.

All Rejuvi's cleansers utilise AHA to gently remove impurities without causing irritation or dryness. AHA (Alpha Hydroxy Acids) are derived from fruit-based plants. AHA stimulates cell regeneration by lightly removing the top layer of skin cells. By doing this, healthier skin cells are exposed, improving skin texture and color and allowing moisturizers to be absorbed so the skin remains supple.

C CLEANSING MILK *for dry, sensitive or mature complexions.*

This ultra mild and gentle cleanser is ideal for dry, sensitive or mature skin. Precious rose hip oil and glycerin protect the skin from dehydration and help maintain the skin's water barrier. Skin is left looking and feeling healthy, soft and silky.

Application:
May be used twice a day (200 ml.)

f FACIAL WASH *for oily skin.*

Oily, shiny skin is often prone to blackheads and pimples. This foaming facial wash is ideal for gently cleansing the skin without stripping it of natural nourishing oils.

AHA derivatives and papaya extract remove dead skin cells, sebum and grime. While aloe vera and chamomile extract protect against dehydration and irritation leaving skin feeling fresh and sparkling clean.

Application:
Mix a few drops with water and massage onto dry skin. Rinse well with tepid water. (200 ml.)

k FACIAL CLEANSER *for normal or combination skin.*

A complete gel cleanser for normal or combination skin which has an oily 'T' Zone (the area around the forehead, nose, mouth and chin). The skin in this area tends to have large, open pores while the cheeks are usually normal to dry. Gently cleanses without a harsh drying effect.

Aloe vera, allantoin, chamomile and cucumber extracts are used to calm and soothe the skin. Removes face and eye make-up easily.

Application:
Gently massage onto dry skin and rinse well with cool water. (200 ml.)

r SKIN REFRESHENER *rehydrates skin, even through make up.*

The final step in your cleansing regime. Rejuvi r uses AHA derivatives to reduce pore size and provide a neutral PH balance.

It can be used throughout the day to rehydrate the skin as needed and can be applied on top of make-up. Rejuvi's Skin Refresher prepares the skin for the appropriate treatment.

Application:
Spray a gentle mist onto the face at the end of your cleansing regime or as needed throughout the day. (200 ml.)

Moisturizing

Proper hydration of the skin is essential to maintain skin health. Dryness can lead to an accentuation of fine lines and wrinkles, as well as flaking. This dryness can give a dull appearance to the skin, and can begin to itch and burn when more severe.

V NOURISHING CREAM

for very dry skin.

An extra rich moisturizer for really dry and dehydrated skin. Rejuvi v drenches the skin without leaving behind any oily residue.

Suitable for all skin types.

Application:

Apply to cleansed skin daily or when extra nourishment is required. (50 g.)

Y LIGHT MOISTURIZER

perfect for teenagers and young adults.

The perfect moisturizer for teenagers, young adults or complexions prone to acne.

Rejuvi y is non-greasy and non-comeogenic. Leaves skin soft, moist and fresh.

This cream is also suitable for skin that needs little moisturization. May be used day and night.

Application:

Apply sparingly to cleansed skin in the morning and evening. (50 g.)

n NIGHT CREAM

ideal for normal or dry skin.

This soft snow-white Night Cream is instantly absorbed into the skin providing excellent nourishment and moisturization.

Vitamins C and E are combined to effectively fight oxygen free radicals which are a major factor in premature aging to the skin. n Night Cream uses GLA*, Evening primrose oil and ginseng extract to promote natural skin recovery and speed up the skin metabolism.

Application:

Apply nightly to cleansed skin using gentle upwards strokes. (50 g.)

b SKIN MOISTURIZER

available for normal, sensitive or oily skin.

Oriental beauty secrets combine with advanced technology in this superior daytime moisturizer.

Aloe vera, precious pearl powder, summa extract and avocado oil give this cream amazing skin healing and nourishing effects. ALA and precious yeast extract strengthens the skin's immunity and helps to prevent environmental damage.

Application:

Apply to cleansed face in the morning. (50 g.)

b MOISTURIZER LOTION

light moisturizer for normal and oily skin.

Derived from b Skin Moisturizer this soft and light lotion is totally non-comeogenic and is ideal for when very light hydration is required.

Oily and normal skin will find this beneficial. This light formula will provide skin protection while leaving minimal residue on the skin.

Application:

Apply to cleansed skin day or night. (100 ml.)

Eye Care

• EYE REPAIR GEL

reduces puffiness and dark circles.

Rejuvi's unique penetrating eye gel reduces puffiness, bags and dark circles. Combining yeast extract, ALA and DMAE to strengthen the skin's immunity and elasticity. Water soluble ingredients provide superior moisturization without stickiness.

- Reduces Dark Circles, Puffiness, Wrinkles & Lines
- Enhances Skin's Immunity & Elasticity
- Helps Skin Regenerate Properly

Application:

Pat gently around the eye area twice daily for best results. Can be applied as needed. (30 g.)

• EYE REPAIR CREAM

extra moisturizer for dry eye area.

Extra moisturizing for sufferers of dry eye area. ALA and a unique complex are combined to combat free radicals and repair aging damage. This wonderfully soft cream noticeably reduces fine lines and wrinkles making you appear younger within couple of weeks.

- Repairs Age Damage & Reduces Fine Lines & Wrinkles
- Protects From Free Radicals
- Extra Moisturization, Ideal for Dry Eye Zone

Application:

Pat gently around the eye area twice daily for best results. Can be applied as needed. (30 g.)

e EYELASH REVITALIZER

for longer, fuller eyelashes naturally.

Get the long, full eyelashes you've always dreamed about. e Eyelash Revitalizer gently stimulates and nourishes the follicles while cleansing the root resulting in thicker, longer, more lustrous eyelashes.

Combining vitamins and minerals Rejuvi e beautifies eyelashes naturally. You will see and feel a significant result within two weeks.

- Nourishes & Stimulates Follicles
- Cleanses the Root
- Contains Vitamins and Herbal Extracts
- Makes Eyelashes Thicker & Lustrous
- All Natural Ingredients
- Promotes Growth & Lengthens Eyelashes

Application:

Apply sparingly to the tips of the eyelashes at night. Close your eyes and gently massage in. Avoid contact with the eyes. (9 ml.)

e EYEBROW REVITALIZER

for lustrous, thicker eyebrows.

e Eyebrow Revitalizer stimulates and nourishes the follicles while cleansing the root resulting in thicker, healthier eyebrows.

Combining vitamins and minerals, Rejuvi e beautifies eyebrows naturally. You will see and feel a significant result within two weeks.

- Cleanses the Root
- With Vitamins & Herbal Extracts
- Nourishes & Stimulates Follicles
- Makes Eyebrows Thicker & Lustrous
- All Natural Ingredients

Application:

Apply sparingly to the eyebrows at night. (9 ml.)

REJUVILLE EYELASH REVITALIZER

quickly promotes lash growth

Rejuville Eyelash Revitalizer utilizes unique herbal complex (Ginseng, ginkgo, polygonum and angelica extract) with precious vitamins and minerals including niacin, calcium pantothenate, vitamin B12 and biotin to achieve a powerful synergistic revitalization of eyelashes.

Application:

Apply the solution to the end portion of upper or lower lash line with the applicator brush. May apply to the lash while eyes are closed. Make sure to dip the applicator completely to deliver sufficient solution. Avoid solution getting into eyes. Discontinue use if an irritation or allergic reaction occurs (3.5 ml.)

EYE MAKEUP REMOVER

for regular and waterproof make-up.

This light and gentle oil-free formulation effectively removes both regular and waterproof make-up, cleansing the delicate eye area without causing irritation or leaving an oily residue.

Application:

Apply a sufficient amount onto a cotton pad and gently wipe away. For waterproof make up leave the pad on the eye for 30-60 seconds before wiping away. (120 ml.)

Age Fighters

We can't turn back time, but with proper care we can help our skin fight the effects of aging and help keep lines and wrinkles to a minimum.

What causes wrinkles?

As we age our skin loses both elastin and collagen becoming thinner. Elastin fibers in the dermis, (the lower layer of the skin) give the skin resilience and suppleness, while collagen is a building brick also in the dermis that helps prevent wrinkles.

Aging Effects of the Sun.

Even small levels of exposure to ultraviolet light, (UVA & UVB), from sunlight and sunbeds is very damaging to the skin, accounting for 90% of the symptoms of premature aging.

Free Radicals

Free radicals are unstable oxygen molecules that grab electrons from other molecules. This process can damage cell function, alter genetic material and break down collagen.

RENEWAL COMPLEX

high power wrinkle fighter.

A highly concentrated combination of powerful anti-oxidants, ALA, DMAE, algae and yeast extracts, penetrates the skin easily targeting lines and wrinkles.

Rejuvi a Renewal Complex increases energy production in skin cells and retards the aging process. It also increases the production of collagen and hyaluronic acid which leads to smoother, more youthful skin.

- Reduces Fine Lines and Wrinkles.
- Increases Cell Energy and Collagen Production.
- Increases Skin Firmness.
- Available in Normal or Sensitive Formulations

Application:

Apply to cleansed skin in the morning. For multiple benefits it can be pre-mixed with "x" -cell Vitamin C Complex or "q" Flavonoid Complex before application. (30 ml.)

RETINYL SERUM

best complement for AHA products.

Retinyl serum contains highly concentrate Vitamin A complex which includes retinol (natural vitamin A), retinyl acetate and retinyl palmitate. this unique Vitamin A complex in serum form with superior skin penetration offers powerful retinoid benefits.

- Promotes collagen synthesis and elastin production
- Scavenges free radicals
- Normalizes irregular cells and prevents skin cancer
- Ideal complement for AHA treatments and products

Application:

Use daily or every other day, preferably at night, then apply a compatible Rejuvi cream for skin moisturization. Rejuvi Clearing Toner should be used 1-2 times per week to reduce possible yellow coloration on the skin. (30ml.)

ASTA ENHANCING SERUM

A red miracle for skin health

A highly concentrated natural Astaxanthin which is the most powerful anti-oxidant in the world (up to 1000 times more effective than vitamin C and 500 times more than vitamin E).

Natural Astaxanthin has several major skin benefits as below:

- Super anti-oxidation & cell protection
- Functions as skin internal sun protection
- Diminished freckles facial spots and improve skin tone
- Increases elastin & skin moisture level and diminishes fine lines or wrinkles

Application:

Mix one drop with 4-5 drops of other Rejuvi products then apply onto the face. It is recommended to mix with X-cell Vitamin C Complex for sun protection benefit in daytime. Use once per day. If red coloration develops, use Rejuvi "r" Clearing Toner twice a week.

Wrinkles getting you down?

g AHA CREAM (NORMAL/OILY/SENSITIVE) *removes dead skin cells and refines skin tissue.*

This state of the art cream provides multiple benefits for all skin types. Using AHA, Rejuvi g gently exfoliates dead skin cells, sebum and grime while refining skin tissue.

Lines and wrinkles are reduced and age spots are diminished within just a few days of using this revolutionary AHA cream. Vitamin E and C are incorporated to minimize oxygen free radicals protecting against premature aging. Your complexion will be much smoother and clearer with regular use.

- Softens Skin & Exfoliates Dead Skin Cells
- Refines Skin, Reduces Fine Lines & Wrinkles
- Helps Reduce Age Spots and Sun Scars
- Helps Produce Collagen

Application:

Apply to cleansed skin day or night avoiding the delicate eye area. (50 g.)

a NIGHT GEL *fight wrinkles while you sleep.*

Research shows that this vitamin A complex gently stimulates the regeneration of collagen and elastin which reduces fine lines and wrinkles. Ginseng extract, pearl powder, aloe vera and biotin aid the skins natural recovery and helps reduce the signs of aging.

Application:

Apply to clean skin in the evening.

With regular use, visible results can be seen in 4-6 weeks. (45 ml.)

g AHA SERUM *fast penetrating gel, ideal for oily and acne skin.*

AHA serum exfoliates dead skin cells, sebum and grime while refining skin tissue. Lines and wrinkles are reduced and age spots are diminished within just a few days of using this. Anti-irritant and liposomes are incorporated to minimize any possible tingling or discomfort. Your complexion will be much smoother and clearer with regular use. Ideal for oily or acne skin.

- Same Great Benefits as AHA Cream.
- Thin Gel for Excellent Penetration.
- Anti-irritant to Minimize any Discomfort.
- Minimal Residue, Great for Oily or Acne Skin.

Application:

Apply a few drops to cleansed skin and massage for even distribution. Avoid contact with the eyes. (30 ml.)

† BIO-FIRMING GEL *instant tightening for sagging skin.*

Rejuvi's ultra penetrating Bio-Firming gel incorporates wheat and lupine proteins and DMAE which instantly tightens and firms the skin.

Rejuvi t also provides long term firming and tightening of the skin. It also benefits sagging neck and jaw line and around the lip area.

- Contains Wheat Protein, Lupine Protein & DMAE
- Instant and Long Term Skin Firming & Tightening
- Helps Sagging Neck, Jaw Line and Around the Lip Area

Application:

Apply regularly to cleansed skin and allow to dry before applying make up. Can also be used as a quick boost for the skin when you need it to look its best. (30 ml.)

n BIO REJUVENATING COMPLEX

enjoys Botox effect without injection

Peptides can be synthesized in special structure in which proteins are built in most usable form to dermal layer so that fibroblast can easily utilize these anti-aging peptides to produce collagen.

Rejuvi "n" Bio Rejuvenating Complex combines several anti-aging peptide such as Palmitoyl tetrapeptide-7, Palmitoyl oligopeptide and Ceramide-2 (trade name - Dermaxyl and Matrixyl 3000) in very penetrative delivery formulation as a powerful complex for skin rejuvenation. Furthermore, Argireline (Acetyl hexapeptide 3/8) is incorporated into this product. Argireline is a peptide derived from natural proteins. It relaxes facial muscles to minimize wrinkles caused by repetitive muscle contractions and also prevents new wrinkles. It is a safe alternative to BOTOX in topical application.

Application:

Apply to clean skin in the evening daily. A visible result can be observed in 3-4 weeks.

X CELL VITAMIN C COMPLEX

enhances cell renewal.

The unique formulation with highly concentrated and stable vitamin C derivative, hyaluronic acid and mulberry extract (rich in flavonoids). Mulberry extract has very effective and safe anti-pigmentation property as well as anti-irritation property. It is fairly stable solution with pH value close to the skin acidity. It has no tingling, no dryness, no discomfort and compatible to all skin types.

- Naturally prevents & repairs sun damage
- Prevents undesirable pigmentation
- Greatly improves skin tone and elasticity
- Effectively scavenges harmful free radicals
- Helps diminish visible signs of aging

Application:

Use in the morning. Apply 3-5 drops to cleansed skin and massage briefly for even distribution. Follow with appropriate daytime care product. For better result, mix 3-5 drops with 1 drop of Rejuvi "Q" Flavonoid Complex (due to synergistic effect). (30ml)

Y RENEWAL GEL

Powerful Epidermal Growth Factor

Rejuvi "y" Renewal Gel is an aqueous gel containing three anti-aging substances: Beta-Glucan, Kinetin and Epidermal Growth Factor (EGF). The combination of these ingredients, particularly two growth factors (EGF and Kinetin) provides enhanced powerful skin rejuvenation.

EGF is a small protein with 53 amino acid residues in human body. EGF plays an important role in the regulation of cell growth, proliferation and differentiation by binding to its receptor that ultimately lead to DNA synthesis and cell proliferation. EGF Topical application has been claimed to be better than expensive plastic surgery and Botox.

Application:

It is recommended to use daily in daytime or in the evening or both for faster results. Good anti-aging results can be noticed in a few weeks. Keep in refrigerator if not in use.

Body Care

U WILD YAM CREAM

advanced endocrine care for men and women.

Rejuvi's Wild Yam Cream has multiple health benefits and is advanced endocrine care for men and women. It maintains the balance of the hormone system which can ease PMS, regulate menstrual cycle, aid conception, reduce hormonal hyperpigmentation and ease menopausal problems.

Soybean extract and GLA are combined to help prevent osteoporosis and some breast and uterus cancers. It also reduces body fat localization and it enhances HDL (good cholesterol).

- Balances Body System Hormones
- Helps Regulate Menstrual Cycle and Ease PMS
- Helps Prevent Osteoporosis
- Helps Prevent Some Breast and Uterus Cancers
- Eases Menopausal Problems
- Can Help Conception
- Reduces Body Fat localization
- Enhances HDL (Good Cholesterol)

Application:

Apply daily or every other day. Apply to neck, breast, stomach and other thin skinned areas. Massage until totally absorbed. (60 g.)

REJUVI FOOT REPAIR CREAM

best performance on the market

Rejuvi Foot Repair Cream contains sufficient strength of glycolic acid and citric acid at moderate pH value for good skin exfoliation and cell renewal. Vitamin A complex and Vitamin E help restore skin elasticity and resilience. The combination of alpha-hydroxy acids and vitamin A complex provides a great synergistic effect resulting in the best performance in the world. It helps repair dry, scaly and callused skin on heel and feet. It also helps relieve the symptoms of athlete foot

Application:

Apply onto heel and sole of feet as well as between toes daily or every other day preferably after shower. You will see an amazing result in 5 to 15 days !

L BODY LOTION

luxurious body lotion with multiple health benefits.

The world's first body lotion to provide GLA by topical delivery. Rejuvi L helps to alleviate PMS including bloating and irritability, blood clotting and even arthritis.

Aloe vera, allantoin and seaweed extracts soothes and nourishes the skin without leaving behind a sticky residue. L Body Lotion helps to overcome dryness and reduces skin irritation.

- 1st Body Lotion to Provide GLA by Topical Delivery
- Instantly Absorbed
- Helps Alleviate PMS, Arthritis & Blood Clotting
- Soothes, Nourishes & Heals Skin
- Overcomes Dryness & Irritation
- Contains Seaweed Extracts, Aloe Vera & Allantoin

Application:

Apply to skin as needed or daily preferably after bathing or showering. (360 ml.)

j SHOWER AND BATH CREAM

soap-free AHA cleansing for the whole body.

This luxurious shower cream contains AHA which removes skin debris and grime. It gently cleanses and tones the skin while the jojoba oil nourishes and prevents dryness.

Use Rejuvi j in the bath for a relaxing bubble bath, or for a fresh invigorating shower, which leaves your skin clean and silky.

- Contains AHA Derivatives
- Gently Cleanses & Tones Skin
- Nourishes & Prevents Dryness
- Contains Jojoba Oil
- Makes Skin Soft & Silky

Application:

Use in the shower direct onto your skin or apply onto a wash cloth or loofah. For a luxurious bubble bath, tip a small amount under running water. (360 ml.)

Skin Tone and Blemishes

Age, sun or liver spots (solar lentigines) and freckles are brown or black spots that generally appears on the face, back of hand and body . This hyperpigmentation by increased melanin production makes skin darker. Rejuvi products are pretty effective for anti-pigmentation.

W SKIN WHITENING CREAM

lightens, removes and prevents pigmentation.

Rejuvi w is a unique Whitening Cream that combines Vitamin E & C, Kojic acid (derived from malted rice), and other ingredients to form a powerful depigmenting effect, that effectively lightens and removes unwanted patches of skin pigment on the face and body, which evens the skin tone and helps return to its natural state.

Licorice extract is also incorporated to inhibit tyrosinase and a special wheat germ extract to alter the melanogenesis to produce lighter colored skin pigment (pheomelanin). These help prevent undesirable pigmentation.

Rejuvi w Skin Whitening Cream is the most complete lightening formula available. With regular use, undesirable pigmentation can be reversed and prevented. A noticeable improvement in skin tone can be seen within two weeks.

- Lightens Age, Liver & Brown Spots and Freckles.
- Prevents Production of Undesirable Pigmentation.
- Safe for Use on Face and Body
- Evens Skin Complexion
- See a Noticeable Improvement within Two Weeks.
- Does not Contain Hydroquinone

Application:

Apply to cleansed skin in the evening, initially using every day for best results. After satisfactory results are obtained, use every other day. Refrigerate once opened. This can also be combined with Rejuvi w toner for greater effect. (30 g.)

W WHITENING SERUM

effective anti-pigmentation

Rejuvi "w" Whitening Serum combines wheat germ extract, vitamin C derivative, arbutin, licorice extract and a special extract of ascophyllum nodosum (reduce activity of melanocyte) to slow down melanin production to achieve a good skin whitening or anti-pigmentation effect.

This product is more potent than Rejuvi "w" Whitening Toner and Whitening Cream as well as most other skin whitening products on the market.

Application:

Apply daily either in the morning or evening. It will diminish tiny superficial spots and improve skin tone within a few weeks of daily use.

W SKIN WHITENING TONER

handy spray for convenience.

Whitening toner utilizes the same mechanisms found in the w Skin Whitening Cream but with a handy spray applicator for added flexibility and convenience. It can be used alone or with 'w' Whitening Cream to enhance the effectiveness.

Application:

Spray directly onto cleansed face or desired area, or onto cotton swab and then apply preferably in the morning. Apply other day care products as required. For best results use Whitening Toner in the daytime and w Whitening cream in the evening. (100 ml.)

d CLEARING GEL

effective targeted removal.

Rejuvi d Clearing Gel contains arbutin, lactic acid and retinyl acetate in a highly penetrating formula that effectively targets age, liver & brown spots, freckles and undesirable pigmentation.

With proper use an improvement can be seen within two weeks.

Application:

Apply on dark spot or desired area only. Do not cover with other products. Temporarily discontinue use if a significant redness is developed. Store gel in refrigerator when not in use. (10 ml.)

r CLEARING TONER

Remove heavy metal ions on the skin

It is specially formulated to detoxify heavy metal ions and tough impurities on the skin surface. Heavy metal ions from contaminated water or poor cosmetic products are very toxic and gradually accumulated on the skin surface. If the concentration becomes high, some penetration into the blood stream may occur - very harmful for the body. All heavy metal ions are associated with dark colors which may stain the skin and affect the skin tone. Traditional cleansers or soaps do not remove metal ions. Rejuvi "r" Clearing Toner utilizes chelating mechanism to achieve this special goal, keeping skin healthy and tone clear.

Application:

Use once or twice a week. Spray sufficiently onto a cotton pad then gently wipe the cleansed facial area a few times until the cotton pad does not show significant gray color (the darkness depends upon individuality). (100 ml).

Acne

What causes Acne?

An over abundance of hormones in the skin leads to excessive oil (sebum) production, that clogs pores and leads to spots and acne. Rejuvi's special formula uses AHA to deep clean the skin, unblocking pores. It also contains a unique combination of vitamins, zinc and organic acids to regulate and inhibit the excess hormone production, clearing spots fast.

p NORMALIZING CREAM *clears spots and acne fast!*

Rejuvi's Normalizing Cream has a unique and powerful multiple action approach that deep cleans skin thoroughly, gently unblocking pores and removing unwanted skin debris. Urea peroxide kills the acne bacteria while a unique combination of vitamins, zinc and organic acids are used to inhibit skin hormone reducing sebum production.

A moderate-acting cream designed for regular acne skin.

- AHA Cleanses Skin Removing Surface Debris
- Unblocks Skin Pores
- Kills Acne Bacteria
- Unique Formula Inhibits Skin Hormones, Reducing Sebum Production

Application:

Use daily on target problem areas preferably in the evening. If irritation occurs, stop use for a day or two and then resume treatment every other night. (30 g.)

p NORMALIZING CREAM *for open acne skin or pimpled skin .*

A more gentle formulation than the regular version, this is suitable for use on open acne skin or for those who have more sensitive skin. Once open acne is under control it is advisable to switch to the regular version.

Application:

Use daily on the problem area or entire face preferably in the evening until the pimple calms down. Then switch to regular version of Normalizing Cream.

SANI-CLEAN *powerful antiseptic cleansing*

This unique formula combines ethanol and isopropanol to provide a great antiseptic Cleanse for Bacteria, Germs and Virus. It kills bacteria, germs and virus in just seconds. It also contains aloe vera and glycerin with an attractive apple scent to reduce dryness and give a nice feel (240 ml).

p SKIN CONDITIONER *regulates oil production.*

This unique formula is designed to control and inhibit excessive hormone (androgen) in the skin, regulating and reducing the over production of oil or sebum. Which stops spots and acne before they happen. Skin conditioner is effective at eradicating acne blemishes and to convert oily skin to normal skin.

- Controls Skin Hormone Production
- Reduces Oil and Sebum Production
- Converts Oily Skin to Normal
- Helps Prevent Break-outs
- Clears Acne and Spot Blemishes

Application:

Use every other night or twice a week. Apply to targeted areas or entire face and leave on for at least 6 hours. Do not apply any other products. (30 ml.)

p SOLUTION *targets acne and spots fast!*

This high power solution penetrates skin quickly tackling break-outs of acne and spots. Can also be used to further enhance the effectiveness of Normalizing Cream.

- High Power Formula.
- Penetrates Skin Quickly
- Kills Acne Bacteria.
- Enhances Effectiveness of Normalizing Cream
- Use on Acne Area Only. Recommend Using H Skin Healing Gel to Soothe Skin After Application.

Application:

Apply only on acne and spots areas as required and rinse well, apply Rejuvi h skin healing gel. Apply appropriate Rejuvi p normalizing cream in the evening. (10 ml.)

Facial Masks

Bring the salon into your home, with these professional performance facial masks. Rejuvi uses an exclusive cold wet process to formulate all our clay masks, ensuring maximum activity of the herbal and active biological ingredients.

- Increases and Improves the Metabolic Process.
- Provides Normalizing Influence on Skin, Blood and Immune System
- Removes Toxins, Bacteria and Fungi from the Skin
- Anti-inflammatory and Desensitizing Actions
- Accelerates Skin Exfoliation
- Increases Cell Oxygenation
- Infuses Moisture and Increases Elasticity of Epidermal Layer
- Promotes Skin Freshness, Firmness and Skin Uniformity

PURIFYING MASK

clearing and refining.

This Purifying Mask ensures deep cleansing and exfoliation. Papain enzyme and sulphur gently remove skin debris, sebum and grime while softening the skin. It's especially good for oily and blotchy skin. It leaves the skin smoother, clearer and more refined.

- Clears, Refines and Exfoliates
- Softens Skin
- Very Beneficial for Oily, Rough or Blotchy Skin

Application: Apply twice weekly to cleansed skin avoiding the delicate eye area. Leave on for 15-20 minutes and rinse well. Follow with Rejuvi r Skin Refreshener. (60 g.)

HERBAL MASK

refining & revitalizing.

Rejuvi's natural herbal mask refines and revitalizes the skin. Aloe vera, ginseng, summa, witch hazel and chamomile extract are key ingredients in desensitizing, soothing and healing the skin. Your skin will glow and radiate after using this fantastic herbal mask.

- Cleanses and Helps Healing
- Calms and Re-Hydrates
- Suitable for All Skin Types
- Immediate Radiance and Glow to the Complexion.

Application: Apply twice weekly to cleansed skin avoiding the delicate eye area. Leave on for 15-20 minutes and rinse well with tepid water. Follow with Rejuvi r Skin Refreshener. (60 g.)

BIO MASK

refining and nourishing.

The Bio Mask refines the skin and provides effective nourishment using highly refined vegetable extracts, proteins and liposomes. After treatment the skin is left feeling soft and silky with a noticeable improvement in skin firmness. Rejuvi Bio Mask is suitable for all skin types.

- Softens, Smoothes, Tightens & Firms
- Contains Vegetable Extracts & Proteins
- Nourishing and Moisturizing

Application: Apply twice weekly to cleansed skin avoiding the delicate eye area. Leave on for 15-20 minutes and rinse well with tepid water. Follow with r Skin Refreshener. (60 g.)

HYDRATING MASK

intense moisturization.

This non-clay Hydrating Mask is specially designed for very dry or sensitive skin. This mask eases tightness and reduces flakiness while drenching the skin in intense moisture and vitamins. Summa extract and allantoin help prevent dehydration and dryness. This mask also encourages the skin to use its own supply of fat to combat dryness.

- Intense Moisturization, Great for Dry & Sensitive Skin
- Helps the Skin to Fight Dryness & Strengthens Water Resistance
- Eases Tightness & Flaking

Application: Apply twice weekly to cleansed skin avoiding the delicate eye area. Leave on for 15-20 minutes and rinse well with tepid water. Follow with r Skin Refreshener. (60 g.)

EXFOLIATING MASK

exfoliating and renewing.

AHA, BHA and papaya extract are combined to gently exfoliate and promote skin renewal. This non-clay mask removes skin debris, sebum and grime leaving you with a softer and brighter complexion. Rejuvi's Exfoliating Mask is ideal for acne, oily or aged skin.

- Exfoliating & Renewing
- Promotes Skin Renewal
- Dissolves Lifeless Skin Cells
- Smoothes & Brightens Skin
- Helps Diminish Lines & Wrinkles
- Especially Great for Oily, Acne & Aged Skin

Application: Apply weekly to cleansed skin avoiding the delicate eye area. Leave on for 5-20 minutes depending on the skin's tolerance. It may tingle but should not be uncomfortable. Rinse well. Follow with h healing gel. (65 g.)

FACIAL FIRMING MASK

firming and lifting

Rejuvi Facial Firming Mask contains Dimethylaminoethanol (DMAE) - a dramatic firming substance and Kinetin (plant growth factor) - a unique anti-aging ingredient to provide a remarkable skin firming effect. It also contains aloe vera, vitamin E and retinyl palmitate for skin benefits. Skin is deeply moisturized, contours are lifted and toned, and expression wrinkles are visibly smoothed.

Application: After cleansing the face, apply a layer of Rejuvi Facial Firming Mask by brush and leave on for 5-10 minutes. For significantly better results, apply Rejuvi Exfoliating Mask for 5-10 minutes. Then apply Rejuvi Facial Firming Mask for 5-10 minutes.

Fat Reduction & Firming

Recent developments in biochemical research have provided the cosmetic industry with new tools to combat cellulite and unwanted body fat. Rejuvi z utilises unique theophyllisilane C to safely target excessive fat usually found on the hips, buttocks, thighs, abdomen and upper arms.

Theophyllisilane C stimulates lipolysis (decomposition of fat). The organo silicon present allows for targeted delivery to the fatty tissues, wherever it is applied. An exclusive herbal complex improves cutaneous micro-circulation to facilitate drainage of decomposed fat. Rejuvi z is available in two formulations: Contour Cream and Intensive Contour Gel. Alternating use of these two Contour formulations provides the most powerful slimming effect available.

Z CONTOUR CREAM

breakthrough fat reduction.

This amazing Contour Cream uses the latest breakthrough technology to combat cellulite and unwanted body fat. Rejuvi z breaks down excessive body fat and speeds up the drainage of decomposed fat leaving you with slimmer and smoother skin. The unique theophyllisilane safely targets problem areas including hips, buttocks, thighs, stomach and upper arms.

Application:

Apply generously and evenly to problem areas and leave on for at least 6 hours. Do not apply other products on top of Rejuvi z. Use the contour cream at night when the gel is not used. For best results use when the skin is clean and warm. (120 g.)

Z INTENSIVE CONTOUR GEL

high power, high penetration gel.

Using the same breakthrough technology as Rejuvi z Contour Cream, this Intensive Contour Gel contains higher concentrations of active ingredients in a highly penetrating gel. Can be used alone or to further aid the effectiveness of the Contour Cream.

- Contains Higher Concentration of Active Ingredients
- Aids Effectiveness of Cream
- High Penetration for Faster Results

Application:

Apply sparingly and evenly to problem areas and leave on for at least 6 hours. Do not apply other products on top of Rejuvi z. Use the contour cream at night when the gel is not used. (120ml.)

- Breaks Down Cellulite and Excessive Body Fat
- Speeds Up Drainage of Decomposed Fat
- Contains Unique Theophyllisilane C
- Unique Herbal Complex

BODY FIRMING MASK

firming and nourishing.

The Body Firming Mask is featured with Dimethylaminoethanol (a dramatic firming substance) and Kinetin (a unique anti-aging ingredient) to provide a remarkable body firming effect. It is very helpful for diminishing stretch marks as well. *Application: Apply and leave on for about 10 minutes. Remove with sponge and then rinse well with water. Follow with "L" Body Lotion. (240g.)*

U BREAST FIRMING CREAM

encourages growth, tightens and lifts.

u Breast Firming Cream contains phytoestrogens which maximizes blood flow and encourages growth and tightens and lifts the breast. The pueraria mirifica extract helps maintain the shape and firmness.

- Contains Phytoestrogens to Encourage Growth
- Pueraria Mirifica Helps Maintain Shape and Firmness
- Tightens and Lifts

U BREAST FIRMING COMPLEX

highly penetrating breast firming complex.

u Breast Firming Complex uses the same mechanisms as the cream, but in a highly penetrating and convenient spray.

- Easy to Use Spray
- Instant Tightening Effect

Application: Apply a small amount on the breast daily and massage for even distribution. For maximum results use the cream in the morning and the complex at night. (100 ml.)

Z FACIAL CONTOUR CREAM (50G.) FACIAL CONTOUR SERUM (30ML.)

facial Contouring

These amazing products combine the special lypolitic agent-Theophyllisilane with herbal extracts to achieve effective control for facial contour such as eye bags and double chin. They are gentle acting with great results and safety. *Application: Apply daily, using Cream in the daytime and Serum at night for maximum results.*

Sun Protection

Skin damage from UV rays is a major cause of premature aging. Just a few minutes of sun exposure each day can cause noticeable changes to the skin.

Freckles, age spots, spider veins on the face, rough and leathery skin, wrinkles, loose skin, a blotchy complexion, actinic keratoses (thick wart-like, rough, reddish patches of skin), and skin cancer can all be linked to sun exposure. Sun beds are equally harmful as they need to use the same harmful UV rays as the sun to cause the skin to tan. Even by the time we reach our 20's significant sun damage can have occurred.

S TANNING LOTION

get a great natural looking sunless tan.

Get a great natural looking tan without the harmful effects of UV exposure.

Color develops in only a couple of hours and lasts around a week before gradually diminishing. By applying more lotion, or more frequently, it allows the tan color to deepen. For best results cleanse and exfoliate the skin with AHA for a few days before use.

- Natural Looking Tan Without Harmful UV Exposure
- Only Takes Minutes to Apply
- Lasting Color
- Simple Color Control

Application:

Apply evenly to cleansed skin and allow to dry for a few minutes before dressing. Color fully develops in around 2 hours, do not wash off until the full color is developed. The color lasts around a week before gradually diminishing. (130 ml.)

S FACIAL SUN BLOCK TINTED (SPF40)

less whiteness for physical sunscreens

Rejuvi "S" Facial Sun Block (SPF40) is also available in tinted version (with some skin color) which could be an option for certain nations.

DOUBLE THE POWER OF YOUR SUN PROTECTION.

Since vitamin C has sun protection property, Vitamin C absorbed by skin would function as an internal sunscreen which is good for all UV range and particularly good for scavenging free radicals produced by chemical sunscreen agents.

Application:

Apply rejuvi x-cell Vitamin C Complex generously on cleansed skin liberally before applying Rejuvi Facial Sun block.(SPF40). Vitamin C could reduce sun damage up to 50% Using this combination - Rejuvi Dual Sun Protection Concept - it is possible to achieve sun protection up to SPF80 including superior UVA protection as well.

S FACIAL SUN BLOCK (SPF 40)

advanced physical sunscreen protection.

The latest sun protection technology brings you a facial sun block which uses micronized zinc oxide and titanium dioxide to provide superior physical protection against all wavelengths of UVB and UVA. Rich moisturizers are incorporated to nourish and protect delicate skin. Also available as Tinted version (skin color).

- Unique Protection from both UVA & UVB
- Safe for Long Term Use
- Contains Rich Moisturizers to Nourish & Hydrate

Application:

Apply liberally to the skin paying special attention to sensitive areas. Re-apply after swimming or heavy perspiration. (60g.)

Special Care

From time to time our skin may need some special care and attention, such as to repair spider veins or stop ingrown hairs.

q FLAVONOID COMPLEX, *reverse spider veins & broken capillaries.*

This unique q complex uses Vitamins P & K and grape seed extract to reverse and prevent broken capillaries, spider veins and excessive redness. Vitamin C is incorporated to protect the skin and increase the production of collagen.

Flavonoid complex can reduce the skins sensitivity caused by aggressive treatments such as chemical peels, laser peels and microdermabrasion.

- Reverses & Prevents Broken Capillaries, Spider Veins & Excessive Redness
- Strengthens Blood Vessels
- Contains Vitamin P (Bioflavonoid)
- Contains Vitamin K & Grape Seed Extract
- Protects Against Free Radicals
- Reduces Sensitivity of Skin After Aggressive Treatments

Application:

Use daily on cleansed skin and massage lightly. Can be pre-mixed with x-cell Vitamin C Complex and then applied to the skin. (30 ml.)

C SKIN CARE FORMULA, *safe AHA treatment for home use.*

Feel the benefits of a safe and effective AHA product for you to use at home. Rejuvi "c" gently exfoliates dead skin cells and debris and promotes skin metabolism.

After just one or two treatments, pore size is reduced, age spots are lightened and acne soreness is soothed leaving you with a smoother more refined complexion.

- Utilizes AHA to Remove Skin Debris
- Reduces Lines & Wrinkles and Improves Smoothness
- Lightens Age Spots
- Promotes Skin Metabolism
- Reduces Pore Size
- Soothes Acne Soreness

Application:

Apply to cleansed skin with brush or cotton swab and leave on for 5-30 minutes depending upon the skin's reaction. Rinse with cool water and then apply h Skin Healing Gel. Can enhance the effectiveness of w Whitening Cream if used directly before. (30 ml.)

h SKIN HEALING GEL *soothes and calms damaged skin.*

This highly penetrative gel contains 98% aloe vera and chamomile extract which soothes and calms damaged skin. Rejuvi "h" is wonderful for sun/wind burn, chapped or dry skin and even insect bites. This non-oily gel can be used as a daytime moisturizer for oily or acne skin and can be used on sensitive skin as a base to ease any discomfort associated with other facial products.

- Contains 98% Aloe Vera & Chamomile Extract
- Softens & Soothes Chapped, Dry Skin
- Calming Effect, Great for Sun, Wind Burn & Insect Bites
- Promotes Healing
- Non-Oily
- Fantastic Aftercare for Aggressive Treatments
- Reduces Sensitivity

Application:

Apply when skin feels dry, irritated or sore. (200 ml.)

h SUPER SOOTHING LOTION *the most powerful natural healer*

This product utilizes multiple natural anti-inflammatory and skin healing ingredients such as aloe vera, arnica, licorice and suma extract, vitamin E, allantoin and stearyl glyceryl ether to achieve a synergistic soothing and healing effect. It calms down skin irritation, discomfort and inflammation as well as dryness very effectively and helps skin recover quickly. It is an excellent aftercare for Alpha hydroxyl acid treatments, chemical peels, microdermabrasion, laser peels and other aggressive skin treatments.

Application:

Simply apply generously on entire face in the morning and in the evening until skin fully recovers (100 grams).

h SUPER SOOTHING CREAM *super skin healing & sealing*

Similar to "h" Super Soothing Lotion, this product speeds up skin recovery and diminishes edema (skin redness) quickly. In addition, it is sufficiently thick to provide a protective seal for the skin. Therefore it is very compatible to a small area.

Helps skin burn, minor irritation or dryness on a small area Helps skin recovery and reduce scarring after Rejuvi tattoo removal Helps diminish redness and skin healing after Spot/mole Removal Helps skin protection and healing after permanent makeup or tattooing

Application:

Apply to small skin area several times a day. For better results, cover the area with a bandage (10 grams)

Use as regular massage oil for face or body. May be used as extra nourishment for very dry skin. (120 ml.)

Natural Rejuvi Plus

Natural Plus is a new line of technologically advanced products providing the most effective natural skincare available today.

It was created for the person of today who wants luxury, naturalness, quality and performance from individually designed products. Natural Plus contains a patent-pending exclusive formula called Active Botanical Complex (ABC) that can actually help your skin look and feel younger. Active Botanical Complex is included in most Rejuvi Natural Plus products.

What is Active Botanical Complex?

After years of study and investigation, Rejuvi scientists have discovered a unique complex extract from the citrus plants in South Asia.

ABC has excellent skin healing properties. It also offers anti-microbial activity and skin rejuvenation. ABC is a new reflection of nature's power in skincare. Rejuvi scientists have combined this important discovery with other advancements in natural herbalogy to formulate the Rejuvi Natural Plus skincare line.

Purifying & Cleansing

These gentle yet powerful products cleanse the skin of impurities and make-up, preparing it to receive the appropriate Rejuvi Natural Plus performance product.

GENTLE PURIFYING EMULSION, *cleanses dry or sensitive skin.*

Removes surface debris and makeup. Apply without water. Wipe off with tissue and then rinse off with water. (200 ml.)

ACTIVATED FACIAL WASH, *best for oily or acne skin.*

Mix with water for deep cleansing. Rinse off with water thoroughly. It is best for oily skin or acne skin. (200 ml.)

ESSENTIAL CLEANSING GEL, *cleanses normal and combination skin.*

This clear gel is suitable for most skin types. Apply without water, then wipe with tissue and rinse off. (200 ml.)

REVITALIZING TONIC, *a pH balanced formula that works with fruit complex to refresh all skin types. Apply with cotton ball after cleansing. (200 ml.)*

Rejuvi Natural Plus is an exciting new cosmetics line that is designed to keep young skin healthy and fresh, while at the same time it is capable of reprogramming mature skin to function as younger skin. Rejuvi Natural Plus has no artificial fragrance or colors.

Exquisite Moisturization

These two high performance wonders utilize ABC together with other precious herbal ingredients to help minimize aging by reactivating the complexion--generating skin firmness, elasticity and radiance. Great for all skin types.

VITAL PROTECTION DAY CREAM,

superior day cream for normal and dry skin.

Combines ABC with other active bio-organic ingredients such as mulberry extract to protect and moisturize. By dramatically hydrating the skin, this excellent cream protects and smooths as it moisturizes. There are two versions available for Normal or dry skin. (50 g.)

NIGHTLY RENEWAL CREAM,

the ultimate night cream.

As rich and nourishing as it is light and gentle to the skin. The high concentrations of ABC and precious evening primrose oil renew your skin while you sleep. Awaken to a softer, smoother and more radiant complexion. (50 g.)

Special Protection

These two products take care of the skin tone and delicate eye area exceptionally well.

ESSENTIAL SERUM,

for firmer more radiant skin.

This serum feeds the skin with stable Vitamin C and other key vitamins and minerals. It makes the skin firmer, more radiant, and gives a better tone. Essential Serum also helps minimise free radical and sunlight damage, two major factors in premature aging. It is beneficial for all skin types and safe around the delicate eye area. (29 g.)

FIRMING EYE COMPLEX,

firming eye gel, helps lessen wrinkles and dark circles.

This firming and moisturizing eye gel helps lessen dark circles, eases fine lines and nourishes the eye zone. Rich in ABC and other vitamins, it promotes firmness and elasticity. There are two versions for normal or dry skin. (50 g.)

Natural Recovery

These two fine products promote natural rejuvenation and skin recovery.

BIO-REFINING COMPLEX,

refines, nourishes and restores a youthful glow.

This unique cream combines complex fruit extracts with ABC to gently and effectively give you the clearest, brightest skin you've ever imagined.

This multi-functional cream can be used any time, day or night, to rejuvenate, refine, nourish and restore the skin to a youthful glow. Watch fine lines, spots and other skin imperfections fade away, revealing a clearer, healthier complexion. (50 g.)

NATURAL SOOTHING GEL,

immediate relief for irritated, distressed skin.

High concentrations of aloe vera along with ABC provide immediate relief for irritated or environmentally challenged skin. This wonderful gel soothes and calms distressed skin like nothing else does.

Natural Soothing Gel is especially beneficial for sensitive skin when used as a base, to aid in tolerating other skincare products that may cause discomfort. (200 g.)
